

Z- SHIELD FLEX

Highly flexible braided tube.
Tinned copper foil on polyester monofilaments provide good shielding. UL-Registration.
Available in 4 sizes: 3,10, 13, 20 mm on 100 meter rolls.

Material : tinned copper-foil on polyester monofilaments

Construction : [Tubular](#)

Closing Systems : *NC*

Locking strength : *NC*

Color : Silver

Breadth tape : *NC*

Wall thickness mm : *NC*

Shrink : *NC*

Diameter mm : 3, 10, 13, 20

US/MIL- Standart : *NC*

UL Standart : VW - 1 No.UL E154480 (S)

Shrink Temperature : *NC*

Temperature range : - 15°C up to + 85°C

Self-extinguishing : YES

UV/Ozone Resistant : *NC / NC*

Water Resistant : *NC*

Halogen/Cadmium Free : *NC*

Flame retardant : *NC*

Flammability : *NC*

Smoke : *NC*

Dielectric strength : *NC*

Abrasion : *NC*

Hardness: tubing/track : *NC*
