

AL 520 Si

Offer excellent thermal properties, as well as chemical resistance.
Rolls : 50 or 100Mts. Spécifique forms on order.

Material : FIBER-GLASS cloth

Coating : both sides silicon

Construction : NC

Closing Systems : BP, V

Color : Grey

Wall thickness : 0,45 mm DIN 4603

Base weight : 420g/m² DIN 53854

Finished coated weight : 590g/m² DIN 53854

Thread count / cm² : 19 x 11 DIN 53853

Dimensions : NC

Diameter mm : > 9 mm

Inside diameter mm : NC

Water Resistant : YES

Flame Resistant : DIN 4102 B2 ; 4102 A2 ; 5510 - 2/S4

Temperature range Mini

maximum : continuous / short - 50°C + 550 C° / + 850°C
time :

Temperature range continuous

maximum : 30 mn / 15 mn / 1 NC
