

## ALP 500

Thermal protection, Fiber-glass cloth with Alumium-PET foil and PU-white reverse side  
 Temperature range - 50° C up to + 550° C on continuous. Thickness 0,4mm  
 Rolls : 50 or 100Mts. Spécifique forms on order.

**Material :** FIBER-GLASS cloth

**Coating :** ALUMINUM-PET foil, reverse side Pu-white

**Construction :** NC

**Closing Systems :** BP, V

**Color :** Silver

**Wall thickness :** 0.4 mm DIN 53855/1

**Base weight :** 420g/m<sup>2</sup> DIN 53854

**Finished coated weight :** 520g/m<sup>2</sup> DIN 53854

**Thread count / cm<sup>2</sup> :** 13 x12 DIN 53853

**Dimensions :** NC

**Diameter mm :** > 9 mm

**Inside diameter mm :** NC

**Water Resistant :** NC

**Flame Resistant :** ASTM-E-84

**Temperature range Mini**

**maximum : continuous / short** - 50°C + 550 C° / + 650°C  
**time :**

**Temperature range continuous**

**maximum : 30 mn / 15 mn / 1** NC  
**mn :**

**Tools :** tools
