

ALP 600

Thermal protection, Fiber-glass cloth with Aluminium-PET foil and PU-white reverse side
 Temperature range - 50° C up to + 850° C. Thickness 0,8mm
 Rolls : 50 or 100Mts. Spécifique forms on order.

Material : FIBER-GLASS cloth

Coating : ALUMINUM-PET foil, reverse side Pu-white

Construction : *NC*

Closing Systems : [Tool for BP track](#), [Tool for V track](#)

Color : Silver

Wall thickness : 0.8 mm DIN ISO 4603 / E

Base weight : 620g/m² DIN 53854

Finished coated weight : 750g/m² DIN 53854

Thread count / cm² : 8 x 6 DIN 53853

Dimensions : *NC*

Diameter mm : > 9 mm

Inside diameter mm : *NC*

Water Resistant : *NC*

Flame Resistant : *NC*

Temp range mini : -50°C
max continuous / short time : +550°C / +850°C

Temp range continuous
max 30 mn / 15 mn / 1 mn : *NC*
